Happy 2012!

Just a reminder - I will compile a list from any names sent to me prior to the meeting. I have requested a video link and will update the invite tomorrow with updated call-in information.

Thank you,

Maureen

**Subject:** SAB Standing IRIS panel nominees

As Lynn mentioned in today's Round Table meeting, I am emailing about assembling a list of possible nominations for the SAB standing review panel for IRIS [Chemical Assessment Advisory Committee (CAAC)]. These nominations are due to the SAB by January 6. I have attached the FRN released in November, and will be sending an invitation to all shortly for the first week in January to discuss any of the possible nominations.

Please take some time to think about potential nominees, and email me or the entire group any suggestions with their expertise [based on the expertise list in the SAB FRN (listed below and in the attachment)]. I will compile a list of all nominees received by January 2 to distribute for our discussion on January 3.

**Please email only the names and their expertise, and save all discussion of any pros and cons of these nominees for the meeting on January 3.** I'm going to put in a request for rooms in CI and RTP, ideally with video link, and will include that information in the invitation when it is available.

**SAB request:** "...knowledge in human health risk assessment and expertise in a range of disciplines including, but not limited to: public health, epidemiology, toxicology, modeling, biostatistics, risk assessment"

I have also included a first list sent by John Vandenberg to get everyone started:

## Deliberative Process / Ex. 5

Thanks to all, and happy holidays!

Maureen
